

SAFEMWAY SUPERMARKETS

Tracy, CA

MFT also provided structural engineering design and construction administration services in the following additional Bay Area Safeway locations:

- Castro Valley
- Livermore (two locations)
- Santa Clara
- San Francisco
- Vallejo

MFT provided structural and seismic design for this 65,000sf supermarket. The structure consists of masonry block walls and open web steel roof joists with metal deck.

Special features include three large entry canopies, a full pharmacy with state-of-the-art security features, an on-site bakery, and seafood and Asian delicatessens.

Cost \$8M
